ALT + R	To Repeat the last used narration in different voucher type(using Narration of sales voucher again in Stock voucher)	Voucher creation screen,

CTRL + R	To Repeat the last used narration in same voucher type. (using Narration of sales voucher again in sales voucher)	Voucher creation screen,
CTRL + N	To open Calculator	Every Screen
CTRL + T	Switch to Post Dated	Voucher creation screen,
ALT + X	To Cancel a voucher entry	Mainly in Voucher creation screen, Reports and Display Menu(we can see option at bottom of tally window)
CTRL + A	To Accept an entry forcefully. It is like save and exit.	It works for all voucher creation screen, ledger creation etc. All creation screen where we fill information.
PageUp	To go to previous vouchers	Voucher creation screen,
PageDown	To go to next vouchers	Voucher creation screen,
ENTER	To go to next field also save details once completed.	It works for all voucher creation screen, ledger creation etc. All creation screen where we fill information.
CTRL + ENTER	To alter a master while making an entry or viewing a report	Voucher creation screen and Reports and Display Menu

In Tally ERP 9, We can see many options on right side of the screen. All those options having underscore(_) or double

underscore sign at bottom. What does it mean???

1. Options without sign means use that key only.. no combo..
2. Options with **single Underscore/underline** means use that key in combo with 'Alt'.
3. Key with **double Underscore/underline** means use that key in combo with 'Ctrl'.
